HILTON KEY LARGO RESORT

## Adventure is all around you.

Put your foot on a path and you might catch the curly tail end of a lizard as it scurries along the roots of an ancient seagrape tree. Fix your gaze out to sea and you could spy a bright flash of green as the sun sets beyond the horizon. Listen closely and you just may hear the undeniable squeak of a dolphin as it glides along the water. There are many natural wonders to be found throughout Hilton Key Largo Resort and the surrounding tropical forest. Find the 12 featured on this map and collect your color-coded ScoutAbout Bands along the way. Wear your bands throughout your stay to show your ScoutAbout pride, and earn your spot on the official ScoutAbout Wall of Fame.

**Share it.** Like Hilton Key Largo Resort on Facebook. Post your photos and you could be our Top Scout of the Week!
